

OUTREACH ACTIVITIES

Sree Vivekananda teacher education center provides a research oriented atmosphere through classroom teaching learning process. Since the institution is under single management and no other government fund has been received, the institution has not been able to provide significant changes in research areas. However, the management and teachers try to do all academic activities systematically in a research based manner. The institution has prepared an ecosystem for the teacher and students in the way of developing interest in research. Book publication has been done by the teachers. Outreach Program are the key to the real world experience. Outreach initiatives educate students about their roles and responsibilities in the community. It help to advances the educational objective of citizenship training by fostering the growth of a variety of abilities, including soft skills, leadership, and teamwork. Above all, the future educators develop conscious, kind, and charitable people who value society as a whole. As Our institution works towards the overall development of students ,we believe that a student's development is not confined to the classroom only ,so we try to conduct outreach activities as we can. social service activities like cleaning of locality, visiting places of socially and historically importance, organizing awareness programme in association with local health organization, service for differently abled children etc are carried out with great importance
