REPORT OF ACTIVITIES

1.ORGANISING LEARNING (LESSON PLAN)

Optional teachers of Sree Vivekananda Teacher Education Centre gave general instructions about constructivist lesson plans and types of planning on December first week. There are 6 optional subjects in our centre. They are Commerce, English, Natural Science, Physical Science, Social Science and Malayalam. Optional teachers explained constructivist lesson plan,Herbartian steps of lesson planning, innovative lesson plans, digital lesson plan, different types, and strategies. Sessions of discussion lesson plans are carried out from july 4 to 8, 2022 for batch 2021-2023. Teachers gave necessary instructions to construct lesson plans. Before that we taught a lesson plan, we discussed about year plan and unit plan. Through detailed explanation students can understand the way to write a good lesson plan. Discussion lesson plan sessions help the students to clarify their doubts and make proper lesson plans. Students are divided into groups and discuss 8 lesson plans. Teacher educators gave feedback to students and guidelines to write lesson plans. After making discussion lesson plans students write individual lesson plans for their criticism classes. Optional teachers evaluated criticism lesson plans and provided feedback. One video lesson and 4 demonstration classes were provided to students on 05-08-22 by teacher educators and senior students. Criticism classes were conducted from 16-08--22 to 17-08-2022. These practices helped the students to be skilled in writing lesson plans.

04-07--2022 to 08-09-2022- Discussion lesson plans

2.DEVELOPING TEACHING COMPETENCIES

Sree Vivekananda Teacher Education Centre has conducted induction programmes for the development of teaching competencies. An orientation programme on teacher competency was held on December 02, 2021 by our former faculty Dr. Smitha Das. In this session she described the teacher profession, characteristics and values. She also explained teaching skills and strategies to promote professionalism. The Principal of our centre conducted an awareness lesson on the same day, covering topics such as course terms and conditions, subject specifics and teacher professionalism.

Microteaching sessions were arranged for students to develop their teaching skills. Optional teachers explained the concept of microteaching, steps for microteaching, microteaching cycle and core micro teaching skills. After that components of micro teaching skills were explained by optional teachers. Micro Teaching practice sessions are started on 06-12-2021, followed by one week of practice of different skills and link practice. Discussion, demonstration, criticism classes, initiatory practices, internship programmes etc. were conducted to improve teaching competency. Students acquire teaching skills through these activities.

06-12-2021 micro teaching

Demonstration classes were arranged on 05-08-2022 for 2021-2023 batch and 14-03-2023 for 2022-2024 batch. The Senior students and optional teachers took demonstration classes. This session helps the students to analyse the complete classroom practice and how to handle the students in the classroom. Criticism classes were conducted from 16-08--22 to 17-08-2022. The school initiatory practice and internship programme helped the students to enhance their competencies in teaching. Students selected various schools for initiatory practice and internship. Initiatory practice was conducted from 11-07-2022 to 15 -07-2022 for 2021-2023 batch and after that they went for 16 week internship programme from 14-09-2022 to 05-01-2023 (80 working days). Optional teachers frequently visited school to observe the classes of students and gave necessary suggestion for improvement of teaching.

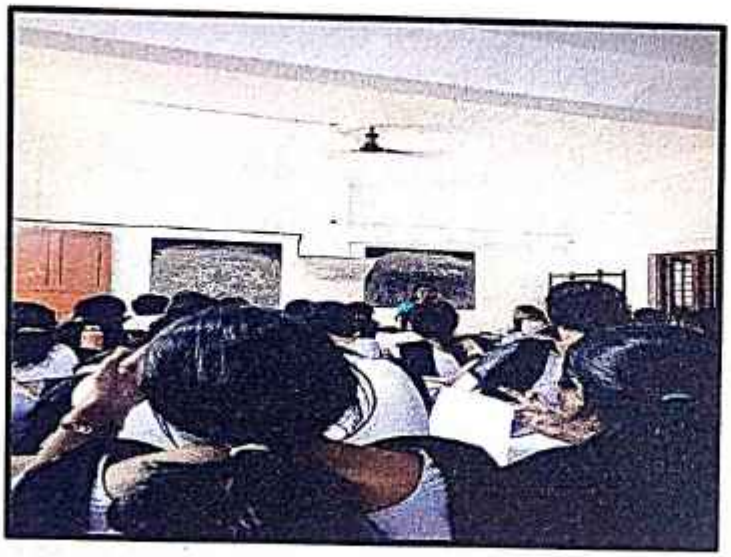
administered these tools during their internship. This result of the tests were analysed systematically by the students.



Orientation class of assessment of learning 14-12-2021

4.TECHNOLOGY USE AND INTEGRATION

Sree Vivekananda Teacher Education Centre conducted an orientation programme of critical understanding of ICT on 17-12-2022. It was provided by Dr. Sajan. K S, Assistant professor, NSS teacher education centre, Ottapalam. He explained every detail of ICT tools and how to implement them in the teaching learning process. He also suggests easy methods for creating content and familiarizing different apps used in the education field.

On the basis of orientation of ICT classes, optional teachers help the students to create blogs, PPT, e- magazine, e-content, mobile learning, short films, recording and editing videos, google form, e- textbook etc. Centre provides sufficient ICT facilities for our students. In our optional class we discuss ICT tools, availability and how to use them in different situations. Students use different ICT resources during internship period.

5.ORGANIZING FIELD VISITS

I. Field Visit

Sree Vivekananda Teacher Education Centre organised two field visits and one study tour for the batch 2021-2023. On the basis of awareness classes about contagious diseases, we and the health department reached college at 9:30 am. The students were assembled in the college grounds to visit the houses of Porkulam Grama panchayat. They visited the houses and conducted a survey on contagious diseases near the college premises. It was very helpful for the students to realize the problems faced by their locality. This type of social programs enhance the positive attitude towards the social problems of society.

Second field visit was organised to visit Chavakkad beach on 11-01-2023. Students organized beach cleaning activities for our students to promote environmental awareness and responsibilities of students to the local community. All students participated in this activity.

Beach cleaning 11-01-2023

The 5 days study tour was organised by students under the guidance and supervision of teachers. This tour was organised from 15-03-23 to 21-03-23 to Hyderabad. Before going to the trip, the Principal provided an orientation class about the tour programme along with accompanying teachers. Tour in charge teachers selected two efficient students as student coordinators and destinations were selected by students. Student coordinators divided students into groups and selected group leaders and responsibilities given to them.

6.CONDUCTING OUTREACH/ OUT OF CLASSROOM ACTIVITIES

OUTREACH ACTIVITIES ORGANISED BY THE INSTITUTION DURING 2022-2023

I.SPECIAL SCHOOL VISIT

The students and teachers of Vivekananda Teachers Training Institute visited Government school for deaf, visually impaired and autistic students at Kunnamkulam on 23- 02-2023. This visit helped us to understand about resources used in the school and the qualifications necessary for teachers to deal with special education needs. It gives us an idea about sign language used in the school. The teacher in charge Mr. Mujeeb gave us a detailed class dealing with alphabets.

Interview With Special School Teacher

Students of Sree Vivekananda Teacher Education centre Akkikavu conducted an interview with the special education teacher of government dough and dumb school Kunnamkulam. The name of the special education teacher is Mr. Mujeeb. The students already prepared a questionnaire for the interview. Mujeeb sir is very corporate and gives correct answers to students. The questions are about hearing impairment and special teaching learning strategies. Students acquired the skills to educate the special students. Sir also explained about sign language.

7.COMMUNITY ENGAGEMENT

Students of Sree Vivekananda Teacher Education Centre visited Anganwadi on 6-5-2023 as a part of environment day. It helped them to understand the functioning pre school system and their activities. Trainees distributed sweets to the kids and they participated in Anganwadi activities along with the nursery teachers. They gave awareness classes about nature by narrating stories related to that. Above mentioned outreach activities were also community engaged programmes. These are special school visits, flashmob on Kunnamkulam ground as a part of anti drug day celebration, volunteers at sub district Kalolsavam and beach cleaning activity.

8.FACILITATING INCLUSIVE EDUCATION

Sree Vivekanandha Teacher Education Centre organised various activities for the students to know the importance of inclusive education. A bridge course was organised on 16-12-2021 by our faculty member Smt. Manjula. V, Assistant professor in general education. Teacher explained different types of learners and problems of students with different learning disabilities. As a part of the curriculum she explained about the characteristics of exceptional students. Students conducted a case study to identify exceptional children during initiatory practice. As the base of inclusive educational classes teachers gave a special learning environment to them.
